

N8B Stick Portable Face Wash

N8B's Stick Portable Face Wash is a grooming essential if you're always on the go. No liquids to worry about dripping or spilling, you just easily apply the stick to your face in a circular motion and get a lather going, rinse, and you're ready to go. The N8B Stick comes in Citrus and Clean scents and uses a combination of aloe vera, algae extract, oak protein, and black currant extract to help reduce irritation, moisturize, hydrate, and calm free radicals. **Link: \$22**
